“Safe Place” is a call for justice in the name of young Jerod Draper, a call for reform for jail standards in the U.S. and the manner that deaths in jails are handled in United States. Sign the petition via [change.org](#) now!

[Justice For Jerod](#)

A heartbreaking story of Jerod Draper, a Southern Indiana citizen, who endures a fatal night of torture after being arrested for a routine traffic stop. Jerod’s mother thought she took comfort that evening, thinking her son had been taken to a *safe place* when they arrested him. She was wrong. [@safepplacedoc](#) is a must-see! #WatchNow #SafePlace #shortdocumentary
